## E.B. & Mary Kathryn Kern to serve as “Light Up Brooksville” grand marshals

This year’s “Light Up Brooksville” Parade will honor E.B. and Mary Katherine Kern for their community service to all of Bracken County.

According to their daughter, Angie Kern Crawford, Edward Bonfield Kern and Mary Kathryn Pfeffer were married in the spring of 1957 at the St. James Catholic Church in Minerva, KY. During their 55 years together they have accomplished quite a lot.

E.B. is a native Bracken Countian and a local busi-

nessman. Together they had 8 children. All graduated from Bracken Co. High School and went on to college. E.B. and Mary Kathryn got their start in the meat business when they purchased Kern’s Locker and Slaughterhouse from E.B.’s uncle, Howard Kern in 1978. In 1982, E.B. decided to change the direction of the business towards distributing meat products to local stores and restaurants. This business grew, so in 1993, Mr. & Mrs. Kern purchased a tract of land at the end of Wagel Road and built a distribution center, which they named Kern Meat Distributing.

The distributing business grew quickly and demanded a lot of attention, so in 1998, they sold the locker and slaughterhouse to Mr. Keith Wright. In 1999, they purchased Butler Food Sales in Maysville to help grow their product line, and then changed their name to Kern Food Distributing, Inc. In March 2007, the opportunity arose and they decided to buy Webber Farms Sausage from Johnsonville Sausage Company. This purchase was very special to Mr. Kern since

Webber’s was one of the first items that Kern’s started distributing and Webber’s was originally located in Cynthiana, KY.

Mr. & Mrs. Kern have seen some real changes from the start of their business until today. There have been additions to the business and the product lines have grown. They also joined a national food buying cooperative, Frosty Acre’s. Kern’s services Wal-Marts, Krogers, Save-A-Lots, KFC’s, IGA’s, and many independent stores and restaurants in their 150 mile radius. Kern’s employs 35 people with about half of the employees from the county. They have been active members of St. James Parish in Brooksville and St. Patrick in Maysville. Mr. Kern served on the Bracken County Water Board for several years.

Join the City of Brooksville in honoring this couple on Saturday, December 1st with a reception in their honor sponsored by Moore and Parker Funeral Home from 2 to 3 p.m. in the lobby of the Bracken County Courthouse. They will ride in the parade at 4:30 p.m.

## Support Small Businesses this weekend

As we start preparing for Christmas season, and making our lists, we are encouraged to “shop local” on Small Business Saturday®.

Shoppers can make a big difference in their communities this season by shopping at small businesses the Saturday after Thanksgiving.

“Black Friday is when people like to get up early and line up outside the chain stores, but if you’re looking for something unique and want to support your friends and neighbors, then you need to support Small Business Saturday®,” said Bob Hallstrom, state director of the National Federation of Independent Business.

The holiday shopping season is crucial to the state’s small businesses, which are still recovering from the slowdown in the economy.

This year’s Small Business Saturday® is November 24.

Nov. 24 marks the third annual Small Business Saturday®, a day to support the local small businesses that create jobs, boost the economy and preserve neighborhoods around the country.

## Find Santa’s “missing cups of hot chocolate” for \$100

In anticipation of his big night of delivering gifts all over the world, Santa recently passed through Bracken County on a trial ride. To help keep him awake, he took along cups of hot chocolate. As he was practicing his landings on some of the new homes in Bracken County, he unfortunately dropped 12 cups of hot chocolate! He now needs everybody’s help in locating them, so he can pick them up on his trip back across the county and return them to his cupboard back at the North Pole.

*The Bracken County News* will be giving away \$100 in their find the “miss-

ing cups of hot chocolate” promotion.

Readers can win by searching the ads, headlines, and pictures to find out where the “missing cups of hot chocolate”, as shown at left, are hidden, in three locations, in this issue and the Nov. 29th, Dec. 6th and the Dec. 13th issues of *The Bracken County News*.

To enter, simply fill out the locations with page numbers on an entry form included

in each issue and mail or drop off your forms to the office by Mon., Dec. 17th at noon. **Only forms that contain all 12 locations are eligible to win.** One entry will win the \$100.

## 4<sup>th</sup> annual Community Thanksgiving Carryout grows in number served

In the true spirit of community and giving, several members of the local churches in Augusta, gathered on Wednesday, November 14th to prepare a Thanksgiving meal for members of the community. Ladies and gentlemen gathered at the Augusta Presbyterian Church at 10 a.m. and began the process of peeling and cooking 120 pounds of mashed potatoes, 2-1/2 cases plus of sweet potatoes and green beans each, stuffing, rolls, gravy, and slicing 12 turkeys and about 38 pumpkin pies.

Young and old alike gathered to practice the teachings of Jesus found in Matthew 25. In the spirit of “... as you have done to the least of these, you have done unto me”, 250 plus meals were boxed and delivered. Students from the 7th and 8th grade classes at Saint Augustine Catholic School, along with youth and adults from the Augusta Presbyterian Church, Augusta Christian Church, Augusta Baptist Church, and the Augusta Methodist Church banded together and made quick work of boxing, labeling and sacking the meals for delivery.

The community Thanksgiving service was held at the Augusta Presbyterian Church that evening with Scott Hyden of the Augusta Christian Church giving the Thanksgiving message. Everyone involved with the meal and service, left tired from a good day’s work and filled with the joy and peace and that comes from giving of one’s self for those in need. The Community Thanksgiving Carryout meal was sponsored by the Augusta Ministerial Association.

### THANKSGIVING 1931

Excerpted from  
*The Kentucky Post*  
November 23

Some may say that this is a hard year in which to offer up sincere thanksgiving to God.

But most of us have as much of life, liberty and happiness as we have had in other years. After all, a little happiness is the ultimate good that we can really get out of life.

The Pilgrim Fathers gave thanks for life and a bountiful crop that had followed hardship in a new land. Surely we have more to be grateful for in 1931 than the Pilgrims had in those first winters of the New England colonies.

None of us will give thanks for the current depression. Some may have offered

to wear seat belt, guilty, \$25 fine; (2) failure to produce insurance card, amended to failure to maintain insurance, guilty, \$500 fine, \$400 c.d. 2 years, costs.

Poe, Joey Lee, (1) assault, 4th degree, domestic violence, minor injury, continued to 12/11.

Price, William L., (2) failure to produce insurance card, dismissed.

Robinson-Scaggs, Remona J., (1) speeding, 10 m.p.h. over the limit, DOT notified.

Rodriguez, Alex Agustin, (1) reckless driving; (2) no license; (3) failure of owner to maintain required insurance/security, 1st offense; (4) DUI, aggravator, 1st offense, warrant and \$1000 bond issued.

We have poverty with us, but the public has responded to the call to help our fellow men in distress.

### SHEDDING LIGHT ON CONGENITAL CATARACTS

While most of us tend to view cataracts as an age-related condition, a "congenital cataract" is a clouding of the eye lens that occurs at birth. If the cataract is severe enough, surgery to remove the clouded lens and replace it with a man-made lens (or cataract lens) is necessary. While the prognosis for children faced with cataract removal is quite good, recent research provides some evidence of what causes congenital cataracts to form in the first place. It seems that heat exposure during the first few weeks of fetal development are linked with congenital cataracts. Until further study uncovers more information, expectant mothers may want to limit their exposure to heat. Once removed, cataracts will not grow back. At

### THE FRUIT OF GRACE

by **Pastor Cornelius R. Stam**

When John the Baptist and the Lord Jesus Christ appeared on earth, God's people had been under the law of Moses for fifteen hundred years. Little wonder John and his Master looked for fruit among them.

When the hypocritical religious leaders came to join John's growing audience and asked to be baptized, John called them a "generation of vipers" and bade them "bring forth... fruits meet for repentance" (Matt. 3:7,8). True repentance, with fruit to prove it, was the basic requirement of the kingdom John proclaimed. This is evident from his declaration:

"And now also the axe is laid unto the root of the trees: therefore every tree which bringeth not forth good fruit is hewn down, and cast into the fire" (Matt. 3:10).

Our Lord appeared, proclaiming the same message as John, and also sought for fruit among His people (Matt. 7: 16-20; 21:33-43). We know, however, that John the Baptist was beheaded and Christ crucified. The fruit produced under the Law was meager indeed. Even after the resurrection of Christ the majority of His people refused to repent and failed to bring forth the required fruit.

But what the Law requires grace provides. It was at this time that God raised up the Apostle Paul, whose "preaching of the cross" showed that Christ had not died an untimely death, but in infinite love had come into the world to die for sinners so that they might be saved by grace, through faith (Eph. 2:8,9). Paul's message was called "the gospel [good news] of the grace of God" (Acts 20:24), and where the Law had failed to bring forth fruit, grace brought it forth abundantly.

God's grace in Christ, when accepted in true faith, always brings forth good fruit. Thus Paul wrote to the Colossians that his good news was going forth into all the world, adding: "and bringeth forth fruit, as it doth also in you since... ye knew the grace of God in truth" (Col. 1:5,6 cf. Rom. 6: 21,22).

Accept God's message of grace, trust in Christ as your Savior and He will help you to produce the fruit.

### FIRST BAPTIST CHURCH OF AUGUSTA by Rita Bradford

Hello & God's Blessings from The First Baptist Church of Augusta. We had a guest speaker this Sunday. His name was Ben Morris. His sermon was titled "In The Name Of Love". Jesus chose to die an agonizing death on the cross for us. He didn't have to do this for us but He chose to, thus providing us with hope for the future. Ben also shared a wonderful testimony of how God helped him to overcome his addictions. Do you feel like all hope is gone? We invite you to come join us and we will help you find the hope in this dark & scary world.

Our services begin on Wed. Night with our Prayer Meeting @ 7:00 p.m. Then our Sunday services begin @ 9:30 a.m. with Sunday School. This week's lesson is titled "Hit the Streets". This lesson will help you learn different ways to share the love of Jesus with those around you. Sunday Morning Worship begins @ 10:30 a.m. Sunday Night Services begin @ 6:00 p.m. Brother Tony is taking us through the book of Revelations preparing us for the end times. May we all remember that tomorrow may never come. Don't wait until it's too late to give your life to Christ, He gave His life freely for you. For more information call Brother Tony Bishop 606-747-5374.

### Honor & Remember Loved Ones This Holiday Season

For most of us, the holidays are a time of joyous memories as we recall the people and events that make this time of year special. One way to honor these memories is to make a memorial gift to the American Cancer Society.

“During this season of giving, a memorial gift can be a touching way of remembering those who have been lost to cancer,” said Courtnie McKinney, ACS Community Rep. “With each donation, you are contributing to the American Cancer Society’s mission of eliminating cancer through research, education, advocacy and patient support.”

Memorial donations are accepted in any amount. Upon receipt of the donation, the American Cancer Society sends an acknowledgement card to the family of the person being remembered.

Approximately 1.6 million new cases of cancer will be diagnosed this year in the United States, and more than 577,000 people will die from the disease.

For more information about memorial gifts or to make a donation, call the American Cancer Society at 1-800-227-2345 or visit www.cancer.org.

### Follow Christ Walks to be held at local Christmas parades

“I am the light of the world. Whoever follows me will never walk in darkness, but will have the light of life.” John 8:12

As the Christmas season approaches, Christians can use opportunities provided by the season to show others that they have decided to follow Christ in hopes of spreading the light of Christ this Holiday Season. Join with fellow Christians as we walk together in the Light Up Brooksville Parade and the Augusta White Christmas Parade to show Bracken County that we have chosen to follow Christ. Come as you are, just as Christ chose you and join together with Christians from all over the county. You are welcome to walk, bicycle, scooter, wheelchair, or follow with us any way you would like. We will have a wagon to ride on if you are unable to walk. The Light Up Brooksville Parade is December 1 in Brooksville at 4:30 P.M. and the White Christmas Parade in Augusta is December 15 at 5:00 P.M. Meet us at the beginning of the parade or join with us when we pass by where you are watching the parade. If your church has a float in the parade but you will not be riding it, you are welcome to walk with us. We are praying for hundreds of Christians, regardless of denomination to walk together as a symbol of our desire to follow Christ. At the close of each parade we will join together in reciting the Lord’s Prayer. Don’t miss this opportunity to walk together with fellow Christians to help spread the light of Christ this Christmas season. (Written by Carrie Beth Smith)

### PRESBYTERIAN POTPOURRI by Les Grooms, pastor Augusta Presbyterian

We had a combined worship service with the Augusta Christian Church this past Sunday. Our church had 49 present for worship; the Christian Church was almost full. Scott Hyden preached the sermon. We have been having this combined worship service before Thanksgiving for a number of years and everyone seems to enjoy it. After the service, everyone came to the Presbyterian Fellowship Hall for a bountiful Thanksgiving meal.

We had our annual Thanksgiving meal this past Wednesday. It is such a joy to see how well the meal is organized. It was like an assembly line at a factory. Over 250 meals were delivered and probably twenty to twenty-five meals were consumed on premises by the workers. Appreciation to Susie Hargett and her crew for a wonderful job.

We are planning to have a sit down meal on Christmas Day for the hungry and the lonely. More about this later. Ray of Hope, who was part of our worship service two weeks ago, was such a wonderful experience that I asked the leader, Alice, if they would come to our church on a Sunday evening for a gospel concert. She said that they would. We will probably do this in March.

Edythe Ware was in the hospital this past week but she was in church Sunday. I understand that she got out of the hospital Saturday and went dancing Saturday night.

Roger Cheesbro will fill in for me on Nov. 25.

Advent will start on Dec. 2. Millie, Earl, and Bobby will light the first advent candle during the worship service.

## 45<sup>th</sup> Annual Frontier Christmas, December 1<sup>st</sup> and 2<sup>nd</sup>

One of Kentucky's oldest festivals where tradition is expected in an American village that dates back 226 years. It has become a tradition in many families, dating back to their parents and grandparents, to get in the holiday spirit by attending Frontier Christmas, always held the first weekend in December in Washington, Kentucky, a village that celebrates Christmas to the fullest and has endured the test of time (now part of Maysville). The Historic Washington Shopkeepers are inviting the public to browse and shop during the annual Frontier Christmas sponsored by Old Washington, Inc. on Saturday, December 1<sup>st</sup> and Sunday, December 2<sup>nd</sup> from 10-6 Saturday and 11-5 Sunday. 8 museums and many of the homes will already be decked out in Pioneer style greenery, candle-lit windows, pine-scented rooms and holly-decked mantles. Step back into the 18<sup>th</sup> Century as you tread the flagstone walks of our pioneer forefathers, as many of your ancestors have done for the past 45 years and enjoy this 1700's village for a day or the weekend. Many new Christmas festivals have started in the past 45 years, several have not continued. Frontier Christmas remains a tradition with candle dipping in Mefford's Fort C. 1797 log cabin, hot cider in the Albert Sidney Johnston C. 1797 Museum, Washington's own silversmith at work in the Bluegrass Artisan Center located in a 2-story pre-1790 log cabin, previously the Cane Brake Visitor's Center with 7 other artist's works. 1790's Goforth House with Free Santa Photo Shoot, Photography and Exhibit on Saturday and Free Print your Christmas Card on Sunday.

## Fantastic Sams Collects Children's Winter Pajamas for Hurricane Sandy Victims

*Fantastic Sams stylists (L to R), Amanda Wells, Holly Reichardt and Jodie Collier sort through a pajama donation from Mt.Carmel Christian Church. Photo submitted*

Thousands of people are struggling after Hurricane Sandy, including young children who are left homeless and are now sleeping on floors in shelters. Fantastic Sams owner, Pam McGlone decided to do something on a local level to help. "My college roommate lives in New York City and has been working closely with the hurricane victims. She told me that they are in desperate need of winter pajamas for the children," stated McGlone.

McGlone and the Fantastic Sams stylists decided to do a pajama drive and made a goal to collect 500 new pairs of pajamas by December 1st. "We setup a drop box in the salon and so far we have collected

about 100. As a token of our appreciation for their help, we are giving them \$5.00 off their next visit."

"I can't even fathom what these folks are going through. It's easy for us to turn off our televisions and assume our normal lives," says McGlone. "And even though a pair of pajamas won't bring their house back, we want them to know that there are still good Christians in the world that will help them through the tough times, despite all the bad we hear on the news."

If you would like to donate winter children's pajamas, please stop by Fantastic Sams in the Maysville Kroger Shopping Center (open 7 days a week).

## Giving Thanks at Thanksgiving

By: Rep. Mike Denham

Thanksgiving is a day when Americans are grateful for all we have received. We give thanks for loved ones around us, those who have gone before us, and for the feast spread across our dinner tables.

It is one of America's greatest traditions.

Without our farmers, however, the bounty of food that we anticipate on this holiday would not be possible. Our farmers raise the turkeys and produce the pork for our hams; they harvest the wheat for our bread, gather the cranberries, and grow the vegetables that make that dressing taste so rich and our yams so sweet. They most assuredly deserve our thanks, and blessings, as we sit down to eat this Thursday.

There have been Thanksgivings in years past where Americans were required to curtail their holiday food celebrations. During WW II, for example, rationing of meat, sugar, butter and other food and supplies was instituted by the government to ensure everyone shared in limited supplies since much of the food produced by farmers went to the war effort. Even people who could afford to buy more food than they needed were only allowed a certain amount.

American farmers, as expected, kept up with food demand overseas and here at home. In his 1943 Thanksgiving Day Proclamation, President Franklin D. Roosevelt told Americans, "Our total food production for the year is the greatest in the annals of our country" for which he credited God and our nation's "farmers, Victory gardeners, and crop volunteers." It was a testament to the American spirit that so much could be done during such uncertain times.

Much has changed in our nation since WW II. For one thing, there is no longer government-ordered food ration-

ing. But that does not mean everyone has enough to eat.

The group World Hunger reported this year that hunger in the U.S. has remained high since the onset of the U.S. financial and economic crisis in 2007. Statistics show that 50.2 million Americans live in hunger today, and 17.2 million children in the U.S. don't get enough healthy food to eat.

Here in Kentucky—where 17.3 percent of the population was rated "food insecure" (which means hungry or at risk of hunger) in 2010 by the group Feeding America—food banks are issuing desperate calls for food and monetary donations as food inventories are depleted. That situation is mirrored here at home, based on Feeding America stats: Mason County had a 17.4 percent food insecurity rate in 2010 with approximately 3,000 people facing hunger; Fleming County had a slightly higher food insecurity rate of 17.5 percent that year, with 2,510 people in danger of hunger or already hungry; Bracken County had a food insecurity rate of 16.8 percent, or 1,420 people facing hunger. I challenge those of us who are blessed with enough to eat to take a few moments and look through our pantries for some canned goods or dig a little deeper in our pockets or purses and donate to the local food pantry and food banks.

I want to express my thanks to the civic and religious organizations that provide Thanksgiving meals each year, and everyone who lends a hand in preparing these meals. I also want to thank those who work so hard in our food pantries and food banks.

Americans are blessed, and by helping to end hunger, I feel we will become even more blessed.

Happy Thanksgiving.

# Citizens Police Academy Boosters set up fund at Citizens Deposit

Recent graduates of the Citizens Police Academy have banded together to form a Boosters Club to help raise funds for upcoming projects. Donations may be made to the Citizens Police Booster Fund at the Citizens Deposit Bank in Brooksville. Currently they have received enough donations to send four youths on a Shop with a Cop Christmas Spree.

Due to regulations on state funds, and restrictions preventing the Sheriff's Department from soliciting donations, projects like the Citizens Police Academy, the DARE Program and Shop with a Cop come directly from the officers themselves.

The Citizens Police Academy Boosters hopes to raise funds through donations and bake sales to keep these important programs in our county. Anyone wishing to donate can stop in the Citizens Deposit Bank of Brooksville for information on how to donate.

# Thanksgiving Safety Tips

Provided by: Neider Reynolds, Coordinator  
Bracken County Emergency Management

At Thanksgiving the kitchen is the heart of the home. Kids love to be involved in the holiday preparations. Safety in the kitchen is very important, especially on Thanksgiving Day when there is a lot of activity and people at home.

## Safety Tips to follow:

- Stay in the kitchen when you are cooking on the stovetop so you can keep an eye on the food.
- Stay in the home while cooking the turkey and check it frequently.
- Keep children away from the stove. The stove will be hot and kids should stay 3 feet away.
- Make sure kids stay away from hot foods and liquids. The steam or splash from vegetables, gravy or

coffee could cause serious burns.

- Keep the floor clear so you don't trip over kids, toys, pocketbooks or bags.
- Keep knives out of reach of children.
- Be sure electric cords from an electric knife, coffee maker, plate warmer or mixer are not dangling off the counter within reach of children.
- Keep matches and utility lighters out of reach of children - up high in a clocked cabinet.
- Never leave children alone in a room with a lit candle.
- Make sure your smoke alarms are working. Test them by pushing the test button.

TRASH TALK

by: Mr. Recycle Bin & Ms. Pick-Up Litterbug  
606-735-9960

Howdy Folks! How quickly this year is drawing to a close! We look back on it and can say that it has not been a good year but with further reflection, we can find silver lined clouds! Yes, we have experienced sickness and death but we are not alone! We are comforted in knowing that our loved ones are no longer in pain, but happy in the presence of our heavenly Father! Life may be a challenge but eternity is forever happiness! We pray that everyone has a beautiful Thanksgiving Day, spent with loved ones and at day's end, we can each

be truly thankful for the many gifts and blessings received!

Living in Bracken County is a blessing in itself and we appreciate all citizens who take pride in this community, the place so many of us call home. Bracken County is criss-crossed with over 174 county road miles and 170 state miles which our citizens travel each day for a myriad of reasons! Three times each year a portion of these miles are cleaned of litter that mars the beauty of this rural home. Non-profit groups are organized and receive payment for their services but a change in attitude is needed of those responsible for this cowardly and lazy transgression of the law. Cowardly, because these litterbugs know that littering is against the law, but how many of us have ever seen someone actually litter? We don't, because the litterbug waits until they are alone on the highway before tossing their trash, and we suspect many are nocturnal, using the darkness of night to their advantage. Lazy describes the litterbug because it is a hassle to take a few seconds to collect the trash from the vehicle interior and dispose of it properly. If you know a litterbug, let them know that trash is unacceptable on the roadways of your home!

Many of our citizens, businesses and schools are avid recyclers and what a difference all these folks are making! Being the rural community that we are, folks appreciate the concept of recycling because many of them have been raised to do just that! Of course, many years ago, we did not have the recycling trailers to collect specific recyclable items, but that did not stop them from recycling and reusing. No one ever threw away a brown paper sack from the store and as many jars as possible were reused for home canning purposes! These practices and many others help to preserve and conserve our precious natural resources and these habits, out of necessity, will become the future way of life. Many Bracken Countians are doing their part now and we appreciate these efforts! Keep up the good work!

Last week we gave the locations of four roll-off dumpsters in the county for folks to use to clean up around the farm and home. Due to many problems with the roll-off at the Johnsville Park and Ride, it has been removed and will no longer be available at that location. After the Thanksgiving holiday dumpsters will be located at Foster, Route 8 east of Augusta, Brooksville on Old 19 and Berlin at Dana's Place. Show your appreciation for this free service by following the rules regarding the use of these dumpsters!

Whatever your plans for the Thanksgiving holiday, may you and yours be blessed with abundance! Your efforts to be good stewards of the earth are appreciated and we encourage each of you to a renewed commitment to RECYCLE, REUSE and REDUCE to keep God's earth clean, green and beautiful! Be seen' you - *Bin & Bug*.

### Augusta Cross Country Season Wrap-up

The Augusta Cross Country program recently concluded its second season. Starting in the hot days of July, the team had a positive journey that concluded with two individuals competing in the state championship. While that may have been the highlight of the season, there were several bright spots along the way. The team had several top 10 finishes by individual runners. The recent team record was set by Camryn Snapp when he ran a 17:58 at the Ryle Invitational. The middle school team had a 1st place finisher in David Reed at the Bluegrass Conference Meet. Camryn Snapp and Tanner Kelsch also both were named 1st Team in the Buffalo Trace Conference and 2nd team in Area 7.

"I feel we had a successful season," Augusta Coach Tim Litteral reflected. "One of the goals we set at the beginning of the season was to have a top five finisher, and we did that at both the middle school and high school level. But we were successful in other ways that don't always receive recognition. We had a junior (Dylan Archibald) come out for his first season and decrease his time nearly six minutes. We had a seventh grader (Thomas Mains) run as part of the varsity team in his first season and run in the low twenties. Those are things we can build upon."

Augusta loses two seniors. Ian Riggins was out most of the season due to injury. Tanner Kelsch, on the other hand, led the Panthers not only as team captain, but was also always one of the team's top two finishers. "I feel like I accomplished a lot of goals this year," Kelsch said. "I started off slow but continued to work to get better... and was happy to drastically improve my times from last year." While he has given much to his team, Kelsch sees the benefits he has received as well. "I feel like I became a stronger leader the way I came into the season. I didn't have much time to practice because of GSP (Governor's Scholar Program), so I felt like I was behind. I didn't let it discourage me, and I did what I had to do. I also feel like I have I have more endurance and stamina for basketball. Overall, I hope I left something behind and I hope Dylan, Camryn, and the younger runners can follow in my footsteps and be successful for Augusta."

"I can't say enough about Tanner," Litteral said. "He had a great academic opportunity in being selected for the

Governor's Scholar Program, but that did put him behind in his training. He was able to work hard though and get to where we needed him to be. He is also a true teammate and is always encouraging and supporting those guys."

Stepping into that senior leadership role next season could be Dylan Archibald. "This year I thought I did very well for my first season of cross country with cutting six minutes off my first race time, Archibald stated. "Next year, I'm looking forward to pushing myself even harder to be able to try and get my time in the mid 18:00s or low 19:00s."

"Dylan has the potential to be one of our leaders because of his work ethic and attitude," said Litteral. "He really came in with an attitude of wanting to improve and get better every time he stepped on the race course."

Camryn Snapp, one of the two state qualifiers, is already looking forward to next year and replicating what he was able to do this season. "I can't wait to work hard next season and possibly get the opportunity to run the course at state again and improve my place and time," Snapp commented.

"Our expectations are high for Camryn," Litteral said. "We're relying on him to lead this team on the course and obviously be our top runner. However, he can't do it alone. We need a couple of runners at least in the 19:00s. I'm still promoting this team to athletes in our school and trying to encourage those who I feel can be successful to come out."

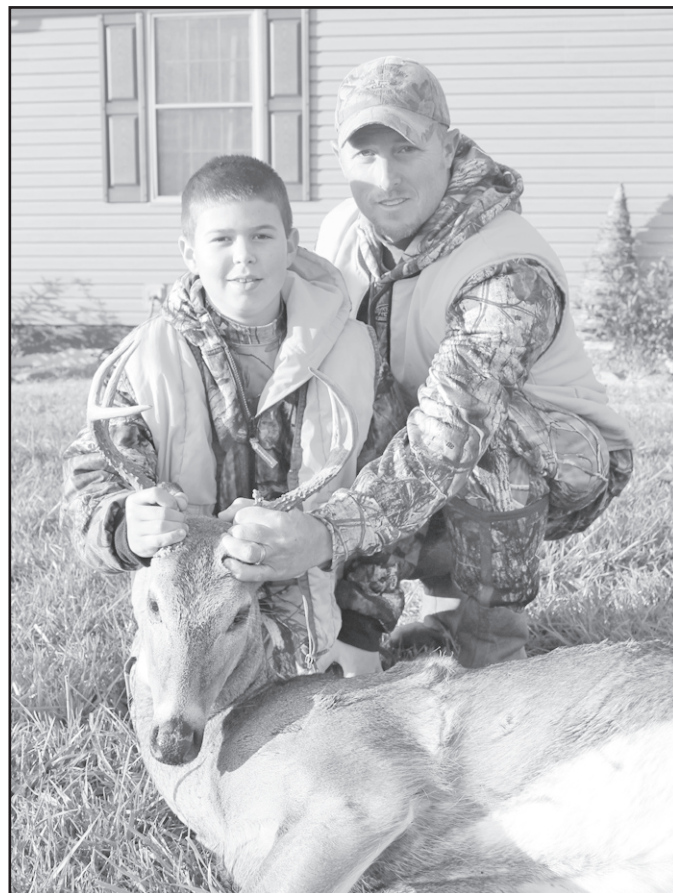

In looking at next season, Augusta would like to add a girls' team. This year, sophomore Jerica Kelsch did run a couple of races, but there were several conflicts with volleyball. "Now that we have a district championship volleyball team, it could make it that much harder to get girls to come out," Litteral joked, "but we would like to get some girls running." Other goals for Coach Litteral as he enters the off season are to continue building the middle school program and look into the possibility of adding an elementary team. "I really feel if we can get our feeder programs up and running successfully, it's going to improve our future high school teams and give us more numbers. If they're already accustomed to running, I feel like we'll be able to get more athletes to come out at the high school level."

### Reasons to pause, be thankful ... again

As the passing show slows for Thanksgiving, there are people who parade through our lives for whom I am immensely thankful.

1. Joe ‘Joker’ Phillips came this way. Three seasons into a five year deal, he’s out. Some will forget that Kentucky fans abandoned him. Some of us won’t.

2. Finishing the season after being fired, Phillips said: “... reason I’m here is we have good kids and if I didn’t think we had good kids there’s no way I would do this because it would be hard for them to get going and for us (coaches) to tell them to get going and have them respond the right way.”

3. We needn’t worry that Phillips (and Tennessee’s Derek Dooley) will file for unemployment. They will be paid \$2-plus million and \$5 mill respectively ... to get out of town.

4. November-December overlap of college football and basketball. Traditional rivalries merge with prime-time intersectional basketball

games straight on to Christmas. Delicious.

5. Army and Navy. 109th meeting is December 8. Navy has 52 wins, Army 49, with seven ties.

6. My two favorite teams are going bowling after regular season finales. Northwestern (8-3) has Illinois at home and Vanderbilt (7-4) finishes at Wake Forest.

7. John Calipari. Kudos for Cal’s smarts. His Kentucky team needed no part of Indiana on any floor neutral or otherwise this season.

8. Murray State. Racers earned media darling status last season and can again, as they climb the rankings. Led by best point guard in America Isaiah Canaan, Murray destroyed Auburn last week.Tigers coach Tony Barbee: “(the Racers) play with a swagger of a team that won 31 games. They expect to win by how they play and how they compete.”

#### I am thankful for ...

9. Western Kentucky U. football fans. Hilltopper fans stuck with their team to what became a disastrous and bitter end.

10. Rusty Troutman’s free ride. Basketball star at Bullitt East High, the 6-5 all-stater who averaged 16.9 points as a junior, has earned a free education less than an hour from home, at Bellarmine University. Oh yes, and play basketball for Scott Davenport.

#### I am thankful for ...

11. Jarrod Polson, the player, and Greg Thompson, the fan.

✓ Polson’s playing time is symbolic, a reminder that hanging banners in Rupp Arena is not what the UK basketball phenomenon is about. It’s more about the long blue line of favorite players, and voices who told us who they were – J.B. Falconer, Claude Sullivan and Cawood Ledford. Grand moments in time marching through your memory.

✓ Thompson:“Ten or 12 years down the road when someone talks about John Wall or Anthony Davis or So-And-So Noel and says, ‘Remember when he played for Kentucky?’ the

answer will be: ‘Did he play for Kentucky?’ I don’t remember that name.’

12. Alex Poythrees. One fan is already in love. “He’s going to be yet another All-American freshman for UK. Powerful, graceful, runs like a deer, can jump to the rafters, has a normal haircut and, as far as I can tell, not a single tattoo.”

13. Archie Goodwin. When the rookie learns to distinguish between a good shot and when, from a bad one, Duke coach Mike Krzyzewski is right, “he’s going to be a star.”

14. Kyle Wiltjer. Key to UK success this season, according to some experts, the kid who averages 12.5 points, 4.5 rebounds and 3.0 assists a game must get more five field goal tries as he did against Duke last week.

#### I am thankful for ...

15. An internet site (Bleacher Report) offers up a Most Iconic Coaches in college basketball list that included Adolph Rupp, John Wooden, Bob Knight, Mike Krzyzewski, Eddie Sutton and Jim Calhoun, but left out iconic Ed Diddle, Rick Pitino, Billy Donovan and Bill Self.

16. Mike Krzyzewski. A ball coach who has brought honor to our country with back-to-back gold medals at the Olympics; four NCAA titles for his university, and most coaching wins in history.

17. Jay Bilas. College basketball’s reigning guru is around to issue the equivalent of Mitt Romney’s “47 percent don’t pay taxes” gaffe.

Bilas:“... stop yearning for a basketball time that no longer exists. We’ve got a younger game now. It’s almost like we as a basketball community refuse to admit it.”

18. Bob Knight. Confess it, you look forward to Knight’s commentary on ESPN Thursday night telecasts with Rece Davis of SEC games that include Kentucky, on the road of course? **More reasons for Thanksgiving ...**

19. Specials. College hoops today, (and Jay Bilas’ celebrity) owes everything to this game as it was a decade ago and a decade before that. I believe personalities capture fans’ hearts, young and old, not dollar potential. On my Difference Makers list this Thanksgiving: Anthony Davis, Jimmer Fredette, Bill Russell

and as ever, Larry Bird, and Pat Summitt.

20. Televised games. Virtually infinite the choices, and supplemented by a wonderful little device, a remote control ... with a mute button.

21. Mercifully, Dick Vitale can be thrust upon America by only one ESPN channel at a time.

22. Kentucky center Matt Smith. A nominee for an award that honors performance, classroom excellence and community service, he said last week, “That’s exactly what coach Phillips’ whole thing is. It’s those three things.”

23. Lifelong friends Warren McNew and Stewart Hardesty in Corbin.

24. You and this newspaper.

#### PARTING SHOT

Next time you see professional athletes behave like fools in an end zone, chest bump at mid-court, wear a necklace engraved ‘The Chosen One’, or see a ball coach talk as if his sport really matters, consider please, the words of historian Daniel J. Boorstin.

“In our world of big names, curiously, our true heroes tend to be anonymous. In this life of illusion and quasi-illusion, the person of solid virtues who can be admired for something more substantial than his well-knownness often proves to be the unsung hero: the teacher, the nurse, the mother, the honest cop, the hard worker at lonely, underpaid, unglamorous, unpublicized jobs.”

And so it goes.

If the total purchase price is not paid in cash, the required deposit shall be applied to any expenses incurred by a default of the purchaser. Provided, however, in the event a party of this action is the successful bidder at the sale of the property by the Master Commissioner, then the said party, upon payment of the court costs and sale expenses and any liens or judgments that have been given priority herein over the lien and judgment of said successful bidder/party, shall have its bid credited against its judgment herein.

If the purchaser(s) fails to comply with the terms of the sale then, in such event, the Master Commissioner shall immediately resell the property upon the same terms and conditions as set forth herein, excepting only any necessary changes in the time and date of sale. Possession of the property herein sold shall be given to the purchaser after payment in full of the purchase price and confirmation of the sale by the Bracken Circuit Court. Pursuant to the Judgment herein, the purchaser shall be required to assume and pay all ad valorem property taxes assessed against the property for 2012 and all subsequent years thereafter. The title interest of the parties to the lawsuit will be conveyed without warranty by the Master Commissioner to the purchaser and the purchaser shall receive a deed to property upon payment of the purchase price in full (and costs of sale, if applicable) and after confirmation of the sale by Bracken Circuit Court, subject to any equity of redemption if the property does not sell for two-thirds of its appraised value.

## Toys-For-Tots drop-off locations

Again this year the student organizations HOSA and Skills USA at Mason County Area Technology Center located on Kenton Station Road will host the annual Toys-for-Tots toy drive. This toy drive is to benefit children ages 6-months through 15 years in the seven county Buffalo Trace area. These counties include Mason, Bracken, Fleming, Lewis, Robertson, Adams and Brown. All toys will be collected at the various drop-off locations and then taken to the Tech Center where they will be sorted into the different boy and girl age group for distribution in December. We are requesting the communities, churches, businesses, civic organizations and individuals to help make this a special year for the needy children in our areas at Christmas time. Monetary donations allow us to purchase the hard to fill orders especially teenagers and also shortages in all age groups.

Over the past three Christmas Holidays we have provided toys and gifts to an average of 900 children in the seven county areas.

Please make your toy drops at the various locations near you. We would like new toys and gently used toys.

*Please no clothing items this year.*

Toy Drop-off locations: • Super 8 Motel (US 68) 759-8888, • Auto Zone Maysville (US 68) 564-8707, • Bradford's Home Mart (Augusta) 756-2450, • Jim's Auto Outlet (Brooksville) 735-2442, • Bracken County Resource Center (Brooksville) 735-3349, • Shugars Auto Supply (downtown) 564-9071, • Cash Express (near the Limestone Center) 563-9445, • Cash Advance (by the Cinema) 759-7514, • Mason County Area Tech Center (Kenton Station Rd.) 759-5881, (Monday – Friday 8 a.m.-3 p.m.) • Foodland Vanceburg, KY, • Boys and Girls Club Clarksburg, KY, • Church of Christ in Quincy, KY.

Families who wish to receive Toys at Christmas can call the Toys-for-Tots Hot line at 606-759-5881 and leave a recorded message.

Please leave all of the following information when calling: Indicate boy or girl and their age, Your return phone number, Your mailing address, and Your first and last name.

Toys will be distributed at the Mason County Area Tech Center on Kenton Station road on Saturday December 15, 2012 from 8 a.m. thru 4 p.m.

## Augusta Preschoolers show support for National Recycling Day

The Augusta Independent Preschool Class is pictured above displaying their Mayflower ships that they constructed out of recyclable materials. Thursday, November 15th was National Recycling Day and our FCCLA chapter encouraged all staff and students to wear green in support of "going green." Preschool showed their support with almost 100% participation. Green recycling bookmarks were also distributed by FCCLA members to remind our students to recycle regularly.

Last week the FCCLA started a recycling project throughout the whole school. On Friday, November 2nd, Mr. and Mrs. Tommy Jefferson, aka "Bin and Bug", spoke to Ms. Lewis' FCCLA class. They gave the students pointers on the do's and don'ts of recycling and stressed the importance of recycling and reusing. The group then distributed recycling bins in participating classrooms where they will collect the bins weekly and take them to the school recycling trailer. We hope that this will encourage more participation with recycling among our students & staff. Members are excited to begin the recycling project and look forward to carrying on the project throughout the school year.

As a class, preschool has been recycling for years and on this project the class decided that reusing recyclable materials such as 2 liter bottles, cardboard boxes of various sizes, and scrap paper would make the best materials for their ships.

## Local input requested for USDA NRCS Farmbill Program

The USDA Natural Resources Conservation Service (NRCS) administers the Environmental Quality Incentives Program (EQIP), a federal program that provides technical and financial assistance to land users to address natural resource concerns. NRCS is asking for local input for the fiscal year 2013 program.

For fiscal year 2013

EQIP will be administered in Kentucky using four ranking areas across the state. The ranking areas consist of multiple counties that have been determined to have similar farming operations and resource concerns. Applicants within each ranking area compete only with others in that ranking area. NRCS has asked for local input from each of these areas.

A Local Working Group meeting consisting of **Boyd, Bracken, Carter, Greenup, Harrison, Lewis, Mason, Pendleton and Robertson** counties is scheduled for Tuesday, December 4<sup>th</sup>, 10 a.m. at the Mason County Extension Office. Recommendations from this group will be provided to NRCS to be used in developing the criteria used to award EQIP

contracts during fiscal year 2013.

This is your opportunity to have input regarding the ranking criteria for the Environmental Quality Incentives Program.

For additional information or if you have questions or require special accommodations please contact the Maysville NRCS Office at 606-759-5570.
